## EXPERIENCE

### Software Quality Assurance Engineer, Paragon Business Solutions Ltd., Indore

January, 1st 2023 - May, 16 2024

During employment at Paragon Business Solutions Ltd., a company renowned for its Automation systems products such as DigiValet and CasaDigi.

I was primarily responsible for CasaDigi, a home automation system.

Key responsibilities include:

- Conducting manual testing for both IOS, Android mobile and web applications.
- Writing user stories and preparing comprehensive test scenarios.
- Executing test cycles to ensure software quality and reliability.
- Throughout my professional experience, I've been involved in various aspects of work, including IOT integrations, Linux, GraphQL, Google Firebase, as well as conducting testing for both iOS and Android mobile applications, along with web application testing.

### Software Quality Assurance Intern, Paragon Business Solutions Ltd., Indore

September, 6th 2021 - December, 31st 2022

I have actively participated in all the aforementioned tasks since the start of my internship.

**Himalaya Public School, Nevri — 10th Grade**

July, 2016 - April, 2017

Scored 78% in the MP Board education curriculum.

**PROJECT DETAILS**

**Experience at CasaDigi (PBSL, Indore)**

September, 2021 - May, 2024

Throughout my internship and professional tenure at DigiValet, my primary focus has been on CasaDigi products. Within this role, I actively participated in initial requirement meetings, conducted feature dry runs, and meticulously documented both the major and minor benefits and limitations of each feature. Additionally, I took the initiative to craft user stories from the perspective of end-users.

A significant portion of my responsibilities also included designing comprehensive test plans, creating detailed test cases, and executing them to ensure the quality and functionality of the features.

Over the course of 2.9 years at CasaDigi, I took ownership of key features, including:

- CasaDigi 3.0
  - CasaDigi Studio
  - CasaDigi iPad apps
  - CasaDigi Meeting app
- CasaDigi 4.0, which encompassed:
  - CasaDigi Studio
  - Preparation of CasaDigi Home Server
  - Single-home user operations
  - Multi-home user operations
  - UAC implementations
  - CasaDigi room automation
  - CasaDigi media automation
  - CasaDigi Services
  - CasaDigi Air troubleshooting

These experiences have equipped me with a comprehensive understanding of QA methodologies and a proven track record of successfully delivering high-quality products.

quickly adapt to new technologies and concepts.
